

Notice of the dimension of hook cover opening section change for 5t hoist

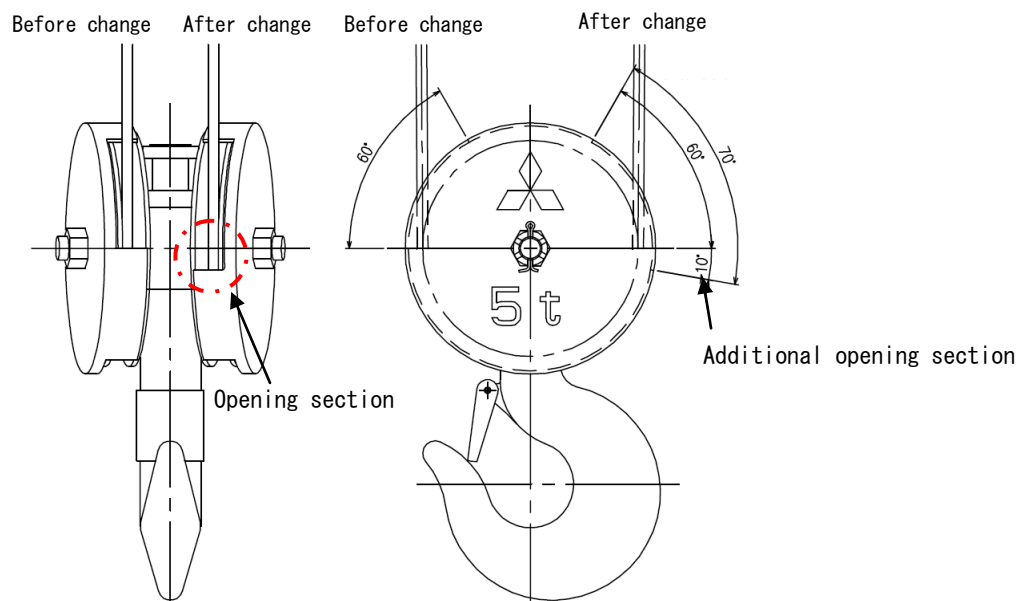

Thank you for selecting a Mitsubishi hoist and related products. This letter is to notify the dimension of hook cover opening section change for 5t hoist.

1. Subject Models

5t hoist (S type, U2 type)

2. Changes

The dimension of hook cover for 5t hoist is changed as below.

3. Compatibility

Compatible. 「The Part code (03H458) 」 is not changed.

4. Schedule for Changes

The changes are applied to the products which are manufactured from sometime around Aug, 2015. (After the out of stock of existing parts)

5. Reason for Changes

To prevent the wire rope from contacting with hook cover.

6. Other

There is no functional problem even if only the one side of hook cover of old model (the model before change) is changed to new hook cover, although the dimensions of hook cover opening sections are different.
