

Notice of when closing the lid for AC brake electromagnet box

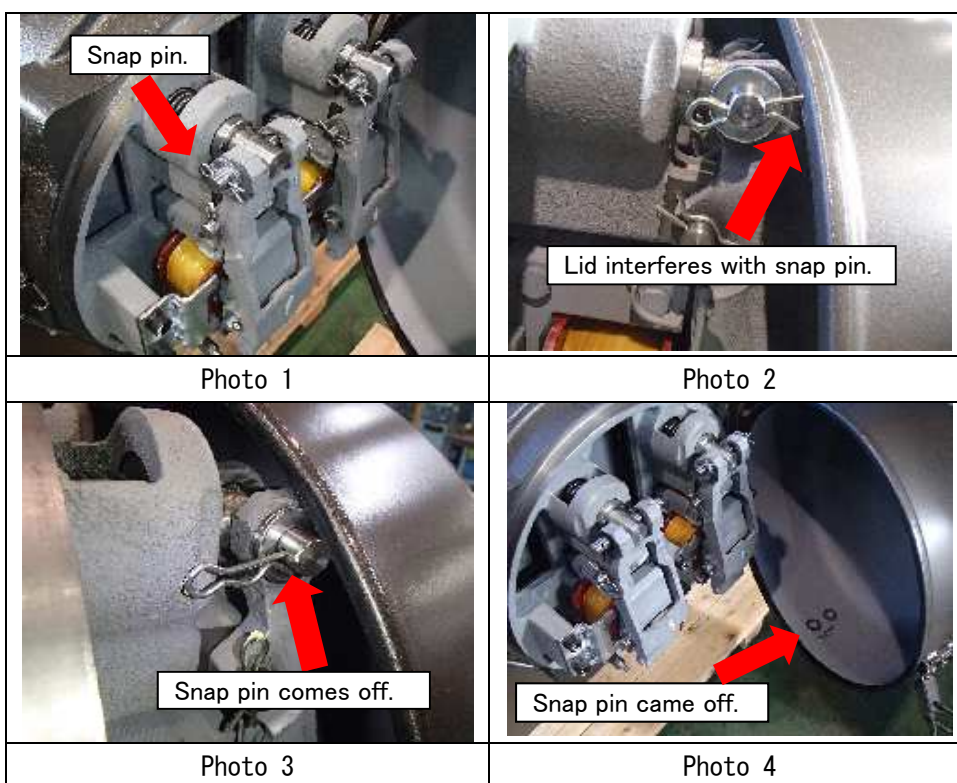

We highly appreciate for your continuous sales support on Mitsubishi Hoist and related items.
This time, we have prepared notice announcement for when closing the lid for AC brake electromagnet box.

1. Subject

All AC brake models

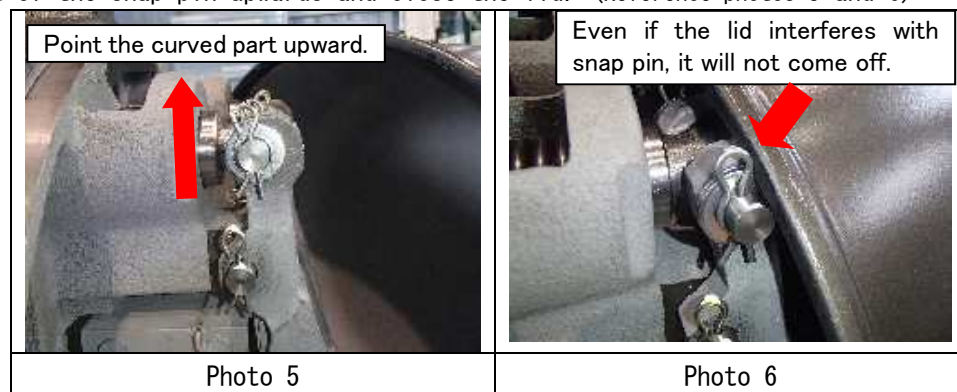

2. Contents

When closing the lid for AC brake electromagnetic box, there is a possibility that lid and the snap pin might interfere, thus cause the snap pin to come off. (Reference photos 1 to 4)
If the snap pin comes off, it may cause malfunction of the brake.

3. Notice for when closing the lid

When closing the lid for AC brake electromagnetic box, please point the curved part of the snap pin upwards and close the lid. (Reference photos 5 and 6)
