

Notice of change in optional earth (ground) brush for MT and MP-U type

We highly appreciate for your continuous sales support on Mitsubishi Hoist and related items. This time, we would like to make an announcement for change in optional earth (ground) brush for MT and MP-U type.

1. Changed contents

Previously, the MT and MP-U saddles were equipped with an earth (ground) brush, but they will be available as an option (additional fee) in the future. When ordering an earth (ground) brush, it will be bundled with GM for MT/ MP-U saddles accordingly. Please also note that installation of earth(ground) brush is required on your end.

2. Subject models and comparison of before/after switching

Subject model ... All MT and MP-U saddle models

The compatible earth (ground) brush is as follows.

(Use one earth (ground) brush for each saddle set)

Model	Compatible earth (ground) brush type	Packing condition at the time of shipment
MP-01009U- MP-02009U- MT-01009U- MT-01015U- MT-01018U-	EB-00001 (earth (ground) brush)	
Models other than above	EB-00002 (earth (ground) brush)	

3. Schedule for changes

Available as an option from order received on January 2022.

Some small-capacity models in stock will be available as an option after liquidation of stock inventory.

Model	Liquidation of stock inventory schedule
MT-01009U	Expected to switch to option at the end of January 2022 when liquidation of stock inventory.
MT-01012U	Expected to switch to option at the end of January 2022 when liquidation of stock inventory.

Subject	Notice of change in optional earth (ground) brush for MT and MP-U type	Date of issue	December 21, 2021
